PROFILE

The food pantry sources kosher food and distributes it in a dignified way according to the needs of the community at no cost to the recipients. After being run on an ad-hoc basis for 15 years (at times, servicing approximately 158 households, and a total of 459 individuals), the KFP enters a phase of expansion as we move into a permanent home in a newly renovated facility located on the lower level at 77 Englewood Ave. Brighton MA. Our mailing address is 14 William Jackson Ave Brighton, MA 02135.

The KFP is recognized by the Greater Boston Foodbank and runs according to their strict standards of operation, sanitation and food safety.

HOW WE OPERATE

Approximately 90% of our funding is from direct support of our community members that want to enable us to help those in need. We stretch those donated dollars by utilizing sources for free food and grants from many sources including supermarkets, producers and distributors of food so that our fundraised dollars are stretched that much further to purchase foods not found in any of the free or donated sources.
